

VA **Green** Energy Projects: *From groundbreaking to completion*

February 2011

Featured Projects

- St. Cloud VA Health Care System– Wind Turbine
- Southern Arizona Health Care System – Solar PV
- Cheyenne VA Medical Center – Solar PV

- Massachusetts National Cemetery – Wind Turbine
- Calverton National Cemetery – Solar PV

St. Cloud (MN) VA Medical Center Largest VA Wind Turbine (660 kW)

St. Cloud (MN) VA Medical Center Preparing the site and pouring concrete (20 Sept 2010)

St. Cloud (MN) VA Medical Center

Building the foundation

(30 Sept 2010)

St. Cloud (MN) VA Medical Center

Building the turbine structure

(6 Dec 2010)

St. Cloud (MN) VA Medical Center

Final steps to completion

(3 Feb 2011)

Southern Arizona Health Care System (Tucson)

255 kW Solar PV System

Southern Arizona Health Care System (Tucson)

Prepping the project site (3 June 2010)

Southern Arizona Health Care System (Tucson)

Installing PV panels

(4 June 2010)

Southern Arizona Health Care System (Tucson)

Completed PV system (16 July 2010)

Cheyenne (WY) VA Medical Center 175 kW Solar PV System

Cheyenne (WY) VA Medical Center

Prepping the project site

(Fall 2010)

Cheyenne (WY) VA Medical Center Construction of carport and installing PV panels (Fall 2010)

Cheyenne (WY) VA Medical Center

Installing PV panels on roof (Fall 2010)

Cheyenne (WY) VA Medical Center Operational -- Carport and Rooftop Solar PV (10 Nov 2010)

Massachusetts National Cemetery (Bourne)

1st VA Wind Turbine - ARRA funded

Massachusetts National Cemetery (Bourne)

Delivery of blades and turbine

(14 Aug 2010)

Massachusetts National Cemetery (Bourne)

Assembling the Turbine

(26 Aug 2010)

Massachusetts National Cemetery (Bourne)

Installation Completed (31 Aug 2010)

Calverton (NY) National Cemetery

60 kW Solar PV – ARRA funded

Calverton (NY) National Cemetery

Installing Solar PV System

(30 June 2010)

Calverton (NY) National Cemetery

“Flipping the Switch”

(30 July 2010)

Calverton (NY) National Cemetery

Installation Completed

(28 July 2010)
